**Subject:** Updated Imagery Resources for 20170901

Here is a list of updated imagery resources. NOAA NGS has added multiple scenes in the Beaumont and Houston areas.

I have also included a CAP Service with imagery event locations. This is not the only CAP imagery resource ... some is also being loaded into USGS HDDS. Unfortunately the collection is over 100 images in size for 0901. If you need it let me know.

Thanks,  
Robert Kirkland
